

## HA-600 Envoy Lectern

Improve your presentation delivery with ease and confidence. This sleek lectern comes with a 21.5" touch screen monitor with fully integrated PC computer. It comes with electric lift height adjustable pillar to accommodate varying height requirements.

Comfortable to touch and hold, XLR microphone socket and light socket included. Optional side trays to hold extra notes, notebook or lap top.

For users that want to use their own notebook, the HA-600 Envoy Lectern includes all the sockets to simply switch to the notebook and back to the internal PC for displaying any source on the projected presentation.

Comes complete with SHO-Q Presentation software. You can load your PowerPoint presentation onto the software and you can instantly select any slide from any presentation.
