

## THE NEW *AL2000* *SENATOR*

The new *AL2000 Senator* with its ageless style is as much at home in a modern board room as it is in the lecture hall of a university, school, training room, media centre or hotel function room.

The *AL2000 Senator* has all the space you need to incorporate the most sophisticated audio-visual control systems and can include a neat, easy to use loudspeaker unit.

The *AL2000 Senator* is proudly designed and built in Australia and the quality is second to none.

Most important is the price, the *AL2000 Senator* makes good financial sense.

The *AL2000 Senator* is available in black, silver and gold.

Front panels are standard black, however a complete range of colours and fabrics are available, screen printing your organisation or company logo on the *AL2000 Senator* can also be arranged.

The *AL2000 Senator* lectern comes complete with:

- 2 Microphone Sockets
- 1 Light Socket
- Digital Clock

### Options:

- Light and Power Pack
- Range of Microphones including Radio Microphones
- Programmable Control Systems
- Equipment Shelf
- Lap Top Shelf
- Castors
- Carry Case
